

AIMEE – Approach the Interdisciplinarity in Modern European Education

First meeting of the project

IES Parque de Lisboa in Alcorcón (Spain)

(7-8-9 November)

Representatives of the five partners met at IES Parque de Lisboa in November to start up the project. Colleagues from Italy, Portugal, Romania and France visited our school. As it was the first meeting, no students participated as it was mainly focused on getting to know the partners and discussing and agreeing all the necessary steps we should take to start our project.
